

## Pharmacy Services

Facer Pharmacy not only provides a great range of products, but also works with trusted experts to develop in-pharmacy services and health checks, so you can stay healthy and manage any healthcare conditions more effectively.

We work with national health events in mind, so we can provide the necessary support at the right time for you to succeed in your healthcare challenges.

We are regularly updating and adding to our in-pharmacy. Some examples of the services we provide are as follows:

### Prescription Services

- NHS Electronic Prescription Service
- Prescription Delivery Service
- Repeat Prescription Service
- Monitored Dosage Systems
- Dispensing for Care Homes

## Medicines Services

- Medicines Use Review Service (England and Wales only)
- New Medicine Service (England only)
- Discharge Medicines Use Review Service (Wales only)

## Healthcare Checks and Services

- Allergy Screening Service
- Asthma Check Service
- Blood Pressure Check
- Diabetes Risk Awareness Service
- Drink Awareness Service
- Drug User Services
- Emergency Contraception Service
- Flu Vaccination Service
- Healthcare, Medicines and Pain Advice
- Healthy Heart Service
- Out of hours pharmacy
