

Stoma Service

Facer Pharmacy can provide a wide range of ostomy products and services.

What does the service include?

Flange cutting

Participating pharmacies offer a flange cutting service, where necessary.

Accessories

We can provide you with disposal bags and wipes with every supply.

Product availability

By working with our wholesale distributor and specialist contractors, we will ensure we stock a wide range of ostomy products.

Confidential service

Many of our pharmacies are fitted with private consultation rooms, allowing you to discuss any concerns or questions you may have with a member of the team in a private surrounding.

Trained staff

All the members of our team are trained to deal with prescription requests and provide advice and support in a confidential and private atmosphere.

Home delivery

Some pharmacies are also able to deliver the appliances to your home. Please ask your Pharmacist for more details

Repeat Prescription Service

Living with a stoma can sometimes be difficult, so at Facer Pharmacy we want to make your life as easy and hassle free as possible. In addition to our Stoma Service, we also offer a free Repeat Prescription Service, which can save you time and trouble.
